BOOK SYNOPSIS

Who knew that discarded bottles and glassware could become treasures of such rare beauty? Collectors of sea glass will find much to delight their senses in this collection of photographs. Unlike most images of sea glass, which show the glass in simple arrays, these images are meticulously planned, using sea glass and other elements to create unique, mysterious, and often whimsical scenes captured on film. Paired with wonderful background information about the photos, snippets of sea glass lore, and helpful tips about finding sea glass, it's a great addition to any sea glass library.
