BOOK SYNOPSIS

Soon to be a major motion picture!!! **THE TEAM:** Financed by a billionaire philanthropist, this elite team—a soldier, an historian, a computer whiz, a weapons expert, and a thief—is tasked with finding the world's most legendary treasures. **THE MISSION:** Fearing a German victory in WWI, the Romanian government signed a deal with Russia to protect the country's treasures. In 1916, two trains full of gold and the most precious possessions of the Romanian state—paintings, jewelry, and ancient artifacts—were sent to the underground vaults of the Kremlin. But in the turmoil of war, the Romanian treasure was scattered and lost. **THE PRIZE:** The collection is now valued at over \$3.5 billion. Despite several attempts to find it, its location has remained a mystery...until now.
