BOOK SYNOPSIS

This book culminates years of study and research by its writer, Robert Wright. While still a child, Robert, intrigued by discussions held by his parents and family friends as they celebrated the Sabbath hours on Friday evenings and Saturdays, developed a love for Bible prophecy and history. Educated in both public and private Christian schools, Robert has a Masters degree in Educational Psychology. Of his many interests, Bible prophecy is his passion. In this book, the writer examines Seventh-day Adventists beliefs concerning Babylon the Great. He addresses the issues head-on, challenging traditional views, providing alternative perspectives, yet leaving intact the essential truths espoused by the church regarding the Papacy. The symbols of Revelation 12, 17, and 18 are re-examined as the writer presents evidence that suggests Babylon the Great does not symbolize the Papacy as traditionally taught. This book offers a bible-based defense of what Babylon symbolizes. Most importantly, this book encourages the reader to rely on the Bible as its own expositor, the only source upon which to establish faith as it introduces compelling insights regarding the message of the angel of Revelation 18. The message of this angel, the fourth angels message, accompanied by the outpouring of the Latter Rain, represents Gods final warning to the inhabitants of a planet destined for destruction. Yet at the same time, the message offers hope, a means of escape for all people that heed the Divine invitation to come out of Babylon.
